The Diligent Body

*“Life is too solemn
to be absorbed
in temporal and earthly matters,
in a treadmill of care and anxiety
for the things that are but an atom
in comparison with the things
of eternal interests.*

*Yet God has called us to serve Him
in the temporal affairs of life.*

***Diligence** in this work is as much a part
of true religion as is devotion.*

*The Bible gives no endorsement
to idleness.*

*It is the greatest curse
that afflicts our world.*

*Every man and woman
who is truly converted
will be a **diligent** worker.*

—Christ’s Object Lessons 343

INSTRUCTIONS

For the Teacher

Step 1

Study the Bible lesson and begin to memorize the memory verses. Familiarize yourself with the character quality.

The student can answer the Bible review questions. See page 6. Use the steps in Bible study.

Bible Lesson

God's Chosen People – Exodus 20:3-6; Psalm 115:4-8; Isaiah 43:10, 11; 49:3-6; 56:7; Ezra 9:5-7; Romans 1:22-23

Memory Verses

Isaiah 56:7; Deuteronomy 26:18-19; 28:10; 4:5-6

Character Quality

Diligence – constant effort to accomplish what is undertaken; exertion of body or mind without unnecessary delay or sloth; due attention; industry

antonyms – dilatoriness; slowness; casualness; slothfulness

Character Quality Verses

Colossians 3:23 – “*And whatsoever ye do, do it heartily, as to the Lord, and not unto men.*”

Proverbs 4:23 – “*Keep thy heart with all **diligence**; for out of it are the issues of life.*”

Step 2

Understand How To/And

A. Do the spelling cards so the student can begin to build his own spiritual dictionary.

B. Mark the Bible.

C. Evaluate your student's character in relation to the character quality of **diligence**.

D. Familiarize yourself with the human body, and how it works. Notice the projects.

E. Review the Scripture references for “The Body.”

F. Notice the Answer Key.

B. How to Mark the Bible

1. Copy the list of Bible texts in the back of the Bible on an empty page as a guide.
2. Go to the first text in the Bible and copy the next text beside it. Go to the next one and repeat the process until they are all chain-referenced.
3. Have the student present the study to family and/or friends.
4. In each student lesson there is one or more sections that have a Bible marking study on the subject studied. (See the student’s section, pages 8, 22, 25, 52, and 66.)

C. Evaluate Your Student’s Character

This section is for the purpose of helping the teacher to know how to encourage the students to become more **diligent**.

See page 7.

See the booklet
Spelling from the Scriptures
for instructions about how to make
the Spelling Cards.

Placement of Student
Place I = Grades 2-3-4
Place II = Grades 4-5-6
Place III = Grades 6-7-8

D. Familiarize Yourself With How the Body Works – Notice the Projects

Projects

1. Read how a spiritual body should work together as is talked about in I Corinthians 12:12-31. **Diligently** apply these principles to your family.

2. Emphasize working in teams all week and practice **diligence** in every task.

3. Find examples in nature of teamwork where parts of a whole body work together. (Example: a tree's system.)

4. Outline the child's body on a large piece of paper. Then have the student draw the organs of the body, color them, cut them out, and paste them in the proper place on the body.

5. Watch a video on the human body and how it works.

6. Do the sheet, "A Simple Test," to see what the student knows about the body. (See page 8.)

7. When the family is doing an activity together, think how the family is like a cell with each member being a smaller part within the cell, with Jesus as the nucleus. Find a picture of a cell and decide what part of the cell you might be like.

Your body cannot work properly unless all the parts **diligently** work together and each part does its appointed work. Parallel thoughts: Each number has an assigned place, each galaxy has a place, and each person has a place.

8. Find out how your church system works.

E. Review the Scripture References for “The Body”

Teacher, read through this section before working on the lesson with the student.

See page 9.

F. Notice the Answer Key

The answer key for the student book is found on page 13.

Step 3

Read the Lesson Aim.

Lesson Aim

The purpose of this lesson is to introduce the student to his own body temple; to teach him the importance of the parts of the body **diligently** working together; to teach him the importance of the family unit and the members of the church working together **diligently**.

It is far more important for a young person to possess a strong, active, graceful body; clear, healthy skin; a bright eye; and a cheerful disposition, than to have pursued intellectual attainments to the neglect of the perfect development of the body temple.

God **diligently** sought to prepare a body of people for His first coming. The Jews misapplied the prophecies and misunderstood what God had intended for them. They became corrupt. Israel lost sight of the meaning of the symbols, so when the fulfillment of the symbol came, Jesus, “*the Lamb of God which taketh away the sin of the world,*” was not recognized by them. God has prepared us a body—a body to **diligently** keep in the best physical and spiritual health, that we might fulfill what God has intended for our lives. We must not misunderstand the purpose of the body. It was created to be the “*temple of the Holy Ghost*” (I Corinthians 6:19). A temple is a place where the Divine presence especially dwells. Both the church and the physical body are spoken of as temples.

Note to Teacher: There is an order of nature that must be observed in education and in life; that order shows that the physical takes precedence over the mental. The body builds its temple for the Spirit to

dwell in. The physical powers mature before the mental faculties; and although the cultivation of our two natures should always go hand in hand, the development of the physical nature must always precede and be the foundation of all mental culture (Luke 2:52).

Step 4

Prepare to begin the The Body Lesson.

To Begin The Body Lesson

An ideal way to introduce this lesson on our marvellous bodily dwelling would be to visit a well-preserved house built in the last century. Point out how it has lasted so long because of the quality of the **diligent** workmanship and materials that went into building it. Talk about the repairs that must have been made like a new roof, etc. If possible let the child see the well-laid foundation and the seasoned, sturdy lumber of its framework. Then introduce the idea of the human body being like the house. Youth need the best materials to build up their structure according to God's pattern. We have the privilege

of constant daily rebuilding and so we need the best materials for these repairs.

If it is not possible to visit a house built in the last century you may choose to take the student to a building site and watch the builders at work. As you walk around it, discuss the different materials being used, such as boards, bricks, and nails. Draw a comparison of how the student's body works at building itself and it needs materials with which to work. The materials are good food and the building is mostly done while the student sleeps at night.

Step 5

These lessons are designed for the whole family. Begin The Body lesson. Cover only what can be understood by your student. Make the lessons a family project by involving everyone in part or all of the studies.

*The body is God's property.
It belongs to Him
by creation
and then
by redemption.*

Steps in Bible Study

1. Prayer
2. Read the verses/meditate/memorize.
3. Look up key words in *Strong's Concordance* and find their meanings in the Hebrew or Greek dictionary in the back of that book.
4. Cross reference (marginal reference) with other Bible texts. An excellent study tool is *The Treasury of Scripture Knowledge*.
5. Use Bible custom books for more information on the times.
6. Write a summary of what you have learned from those verses.
7. Mark key thoughts in the margin of your Bible.
8. Share your study with others to reinforce the lessons you have learned.

(This is for In Season and Out of Season.)

Drawing a plan of your garden will help you when planting.

In drawing your sketch consider three things:

- 1) how it can serve the whole family;
- 2) how the garden can also serve the needy and elderly;
- 3) the time and **diligent** work it will require. Then you will not have more garden than time and finances to care for it properly.

In your sketch you could make your garden into the shape of the human body.
