

Letter of Appreciation to all People who Helped us along!

From Pastor Ereck

June 16/2020

Greetings to you all brothers and sisters in Christ! I do write to you with a heart full of joy and gratitude.

I do wish to thank you all for having your heart's moved to assist my community through their water crisis. You saw it fit yourself to put out the little you had and reach towards a people you don't know and never met, and because of your sacrifice someone's life will be made a whole lot easier here as they will have access to clean healthy water!

I asked myself a question, that if people of another race and another country have done this to a community they have never seen or pictured in their minds, will my people have had done the same for their community if they were in need? I found it really hard to believe that any would, but you did it, brethren.

For this great gesture of love unmatched, I do not know how best I can thank you for your kindness, words cannot suffice the appreciation token you deserve! But we are just going to let it be all in God to thank you for us, for our community! And it is by these borehole-wells that channels of the gospel will be forever opened and the ignorant reached!

You did not only help a community, but as it is written, 'prepare the way of the Lord...!' herein you have prepared the paths of the gospel to reach many hearts in a distinctive manner, and every soul that shall be touched I am pretty sure will be an extra star in your crown.

My never ending prayer is that God will bless you, guide you and preserve you in all righteousness that we may all make it to the other side, that one day we shall all meet, when there's no blacks or whites, poor or rich, or seas to separate us. When this love you demonstrate will finally unite us in harmony as we sing before the throne of Grace.

There many shall hold your hands and say, 'do you remember the time, the missionary told you about us, and showed you a few pictures of my life, pictures which made you cry. You didn't have much money, but you sent it anyway! Thank you! Because of your sacrifice, that's why I am here today!' and one by one they will come all before you to say the same thing! Heaven will be so glorious indeed!

Moving into a new community is and has been a burden for us, and with the support you are giving, the life of this missionary will be made a lot easier, thank you very much. Once again, thank you, God bless you, God be with you! Amen!!!
